BRYAN LOSES GALLANT FIGHT— PARKER NAMED AS CHAIRMAN

GAG RULE SHUT OFF STREAM OF DEBATE

Democratic Steam Roller is of
Same Stripe as the Late
Republican Machine

BRYAN NOMINATED KERN
AS PARKER'S OPPONENT

Kern Pleaded For Parker to
Join in Effort For Harmony;
Was Snubbed For His Pains

ARMORY, BALTIMORE, June 25.—Defeat came to W. J. Bryan today. In the most important political battle in his career, he staked his reputation and prospects against Judge Alton B. Parker for what he termed the Democracy's good, and Parker, backed by the conservative leaders of the greater states, emerged victorious.

Bryan went down with colors flying when Parker was elected over him for the temporary chairmanship of the convention, declaring that he would be ready with another fight before the platform committee. He was relatively steam-rolled by the same forces that directed the course of the roller that killed Theodore Roosevelt before the regular Republican National convention.

The final vote in which Parker was elected to the temporary chairmanship was as follows:

Parker, 578; Bryan, 510; O'Gorman, 3; Kern, 1; absent, 2.

After Judge Parker had delivered the keynote speech, flaying the blatant methods of the late Chicago Republican convention, and demanding harmony, the convention adjourned until 8 o'clock tonight.

CONVENTION WAS EARLY
TRANSFORMED INTO AN
EXCITING DEMOCRATIC FIGHT
FIFTH REGIMENT ARMORY.
BALTIMORE, June 25.—The national Democratic convention was called to order at 12:17. The call for the convention was read by Assistant Secretary Smith, and Cardinal Gibbons pronounced the invocation.

Judge Alton B. Parker's name was read as the choice of the Democratic national committee as temporary chairman at 12:45. Three minutes later William J. Bryan had taken the platform to oppose his election to that office.

The national committee last night ratified the selection by its subcommittee on arrangements of Judge Parker for temporary chairman of the convention. Two other candidates were voted on, Senator-elect Ollio James of Kentucky, and Senator O'Gorman of New York. The vote stood: Parker, 31; James, 20; O'Gorman, 2.

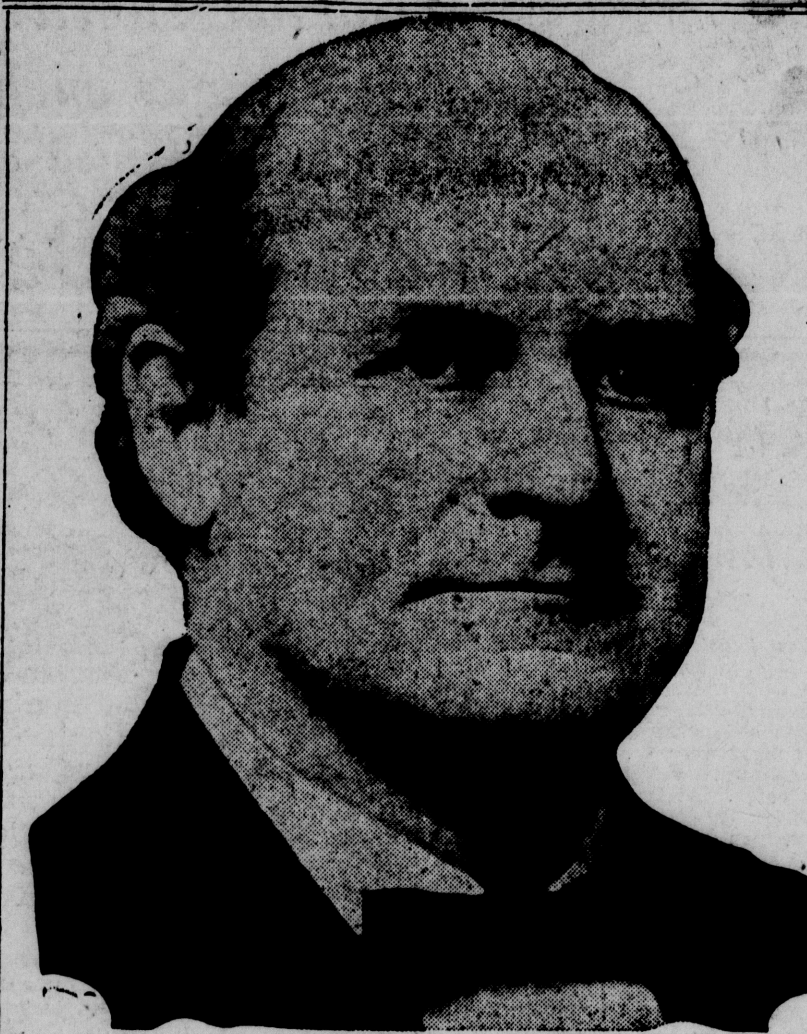

PARKER'S NOMINATION
BROUGHT BRYAN TO FLOOR
BALTIMORE, Illinois, New York and Indiana delegations applauded Parker's name when the judge was announced for the temporary chairmanship. Bryan then strode up the aisle, his face white, his jaw set. There was a cheer from the floor, although the galleries were silent. Ohio, Wisconsin and the western delegations took up the cry which swelled to the roar despite Bryan's frantic waving of his arms to prevent the demonstration. After repeated attempts, Bryan appealed to Chairman Mack, who aided the sergeants-at-arms to restore order.

"Gentlemen of the Convention," Bryan said, "I place in nomination for the temporary chairmanship, John W. Kern of Indiana."

The same delegations cheered, Indiana remaining silent. Bryan launched into a lengthy speech praising Kern.

Bryan said: "In dissecting from the judgment of the national committee I recognize that the burden of proof is upon me to overthrow the committee's claim that it is representing the party's wishes in naming Judge Parker. I invite attention to the fact that the rules provide that the national committee's recommendation is final. The convention has a right to reject the recommendation. If any ask my credentials, or why I, a delegate from a small state, should presume to present a candidate, I beg to tell you that in three campaigns I have been a champion of Democratic principles. Therefore I feel that I have the confidence of Democratic people. A man cannot prosecute political warfare for sixteen years without enemies. I realize that I have enemies. That proves that I am still willing to risk humiliation in Democracy's defense."

After eulogizing Kern, Bryan explained that he spoke for Judge Parker.

WILLIAM JENNINGS BRYAN.

PROGRESSIVE DEMOCRACY SAYS BRYAN, "MAN OF HOUR"

BALTIMORE, June 25.—Bryan is looming large in the pre-convention doings. "The Sun" today says: "Bryan is a real dark horse. Talk that he is nominated is heard everywhere. The leaders are receiving this with varied emotions."

It was freely predicted that if Bryan

in 1904, although not satisfied with the candidate or the platform. He then declared that the convention must accept the Chicago convention's challenge or submit to the same control by predatory wealth that controlled at Chicago. He added:

"We cannot say that what is done in a national convention is done privately. Press representatives watch us, know what we do, and who told us to do it. People at home will know that the influence dominating the Chicago convention is here, working harder than at Chicago. I appeal to the Democrats to prove to the nation that they cannot be frightened by Ryans or bought by Belmonts."

KERN APPEALED TO PARKER
BUT WAS TURNED DOWN
When Bryan had concluded, Kern appealed for a compromise with Parker, offering to withdraw in favor of O'Gorman, Culbertson, Clayton, Lea, Campbell, Folk or Shively.

"I think I deserve a hearing here," said Kern, "because of forty years of party service."

He explained his personal friendship for Parker, ending with an eloquent appeal to "my friend to join me in this effort to get the greatest good for all."

Parker neither moved nor replied, so Kern declared that W. J. Bryan is the only leader in the present crisis. After the tumult occasioned by Judge Parker's refusal to reply to Kern's request, the Indiana man resumed his speech, saying:

"You cannot expect a victory if you humiliate the man who led your forces four years ago. You may put him on the wheel but when you do you bring pain to the hearts of six million loyal Democrats. You may kill him, but you do not commit homicide even then; you commit suicide. I appeal to the leader of the Democrats who holds the Democracy in the hollow of his hand. If there is to be a contest between party men, which I pray God may be averted, then we cannot beg the question. If the fight is to go on there is only one man who can lead. I mean that great American, W. J. Bryan. The leader must be worthy of the cause. That the man whom the people love must be the candidate against Parker in my stead."

Many were unable to determine whether Kern was advocating Bryan as a presidential or a chairmanship candidate. The plea was cheered, however.

Bryan then took the floor and explained how he had endeavored to persuade the opposition to accept a progressive chairman. He announced his readiness to "accept and permit the convention to say whether the people would stand for that for which they have fought for sixteen years."

Gag Rule in Play
Fitzgerald of New York secured recognition. He declared the fight had been forced upon the Parkers but that they were willing to let the matter go to a vote of the convention and abide by that.

Chairman Mack here directed the vote to be taken. Lea of Tennessee, leaped to the platform, claiming gag

rule, and demanding an opportunity for the Bryanites to speak. Bryan, waving two palm leaf fans for order, denied the right of the chairman to close the debate on his own order. Some one cried: "Sit down!"

Sullivan of Illinois rushed to the platform and demanded if Hirsch of Illinois, had not moved the previous question for a vote.

"He has," shouted Chairman Mack. "am now proceeding."

Johnson of Texas, disregarding the chair order to be seated, threw back his alpaca coat, snapped his galluses over his shoulder, and cried:

"I don't know how this fight started, and I don't care; I only know that it is Bryan against Wall Street. Just tell me when it is time to vote."

The roll call was then ordered.

PARKER ELECTED—DELEGATES
REFUSE TO HEAR SPEECH
Judge Parker was elected by a vote of 578 to 510 for Bryan and scattering votes for others.

Senator Lea of Tennessee moved to make Parker's election unanimous. The motion was not put. Mack appointed Stone of Missouri, Lea of Tennessee and Hudspeth of New Jersey, as a committee to escort Parker to the stand. A storm of applause broke out when Parker appeared, slightly smiling.

When Parker began his keynote speech, an exodus from the hall started. He endeavored to proceed but was compelled to quit. Fitzgerald of New York then moved to adjourn until tonight, and the motion carried in spite of a volume of "noes."

MOB SYMPATHY LED
TO A SERIOUS RIOT
When Mexican Liberals Were
Given Prison Sentence, Score
Were Clubbed by Police

LOS ANGELES, June 25.—A score of people were today clubbed to the pavement and reported as seriously hurt, in a riot between several hundred sympathizers of the Mexican Liberal leaders, the Magon brothers, Rivera and Figueroa, and the police.

A mob gathered at the Federal building when the quartette leaders were sentenced to one year and eleven months in prison for conspiring to violate the neutrality laws. Led by Lucile Norman, a sympathizer, the mob attempted to follow the prisoners. Five women and fifteen men were arrested.

—Santa Ana Hive No. 7, L.O.T.M., will give its monthly tea at the residence of Mrs. M. L. Galbraith, 1054 West Fourth street, Wednesday afternoon. Everybody invited.

CAN'T JOIN IN TO PAVE EIGHT UNION POLY HIGH BLOCKS ON BUSH

Mitchell Says Must be Merging
of All High School Interests
or Not at All

SO ORANGE CALLS
FOR \$50,000 BONDS

Plan For Big Polytechnic High
School Received Severe
Blow Last Night

ORANGE, June 25.—The trustees of the Orange Union High School last night voted to call an election for \$50,000 bonds for a polytechnic high school. This was done after County Superintendent of Schools R. P. Mitchell had advised the school board that under the state law the proposal to have Orange and Santa Ana join in voting bonds for the erection of a union polytechnic high school would be impossible. The law would allow of but one thing so far as a union high school is concerned, and that is that the various school districts combine into one union high school district, which would mean that the Orange Union High School district and the Santa Ana High School district would lose their identity as such. In other words, if any union of the two cities is accomplished for building a polytechnic high school it must also be a union of the other high schools also, so that there would be one school board in charge of both the present high schools, Orange and Santa Ana, and also of whatever other high schools are put up. Mitchell explained that the state might amend the law so that there could be a union of high school districts for some special purpose, such as erecting a polytechnic high school, but that at present it must be a union of all high school management or no union at all.

In view of this opinion, the school trustees last night decided to go ahead with the plan to ask the Orange Union High School district to erect its own poly high.

MAKES OFFER TO BUY THEM

San Francisco Man Thinks the
Poly High Bonds Are Good
Enough to Take

G. H. Blymer of San Francisco was here today to offer to purchase the Santa Ana High School district bonds, \$200,000. He said he would take the bonds at par, and would ask for, but one day in which to have the transcript of proceedings examined.

Although the bonds have had a hard time of it among bond buyers and bond attorneys of Los Angeles, Blymer thinks they are good bonds. He was so well convinced of the fact that he journeyed here from San Francisco, being under the impression that some action would be taken concerning them by the Board of Supervisors today. However, the supervisors had agreed with the Santa Ana school board to wait for another week, until Attorney R. Y. Williams, who was retained by the school board in the bond matter, returns from the East.

After Blymer unexpectedly arrived today, an attempt was made to get the members of the school board together, but the attempt failed. The supervisors did not care to take action without the school board's consent, though they have power to dispose of the bonds without consulting the school board. It was also thought best to defer action in order to get legal advice as to the best procedure to take advantage of Blymer's offer, should the school board decide that his offer was advantageous.

EVELYN THAW AFRAID HUSBAND
WILL KILL HER IF RELEASED

NEW YORK, June 25.—Evelyn Thaw still fears that her husband, Harry K. Thaw, will kill her if he is released from Matteawan asylum for the criminal insane, according to her testimony yesterday at the insanity trial of Thaw at White Plains.

ALMA-TADEMA DEAD—
FAMOUS ARTIST—77

WEISBADEN, Germany, June 25.—Sir Laurens Alma-Tadema, the famous British painter, is dead, at the age of 77.

Vrooman Act Proceedings Or-
dered For Improvement to
Washington Avenue

NO APPOINTMENT OF
MARSHAL IS MADE

Pacific Telephone Officials
Propose to Put Part of
System Underground

With specifications adopted last night for concrete base and El-oso asphaltic wearing surface, with over half the frontage on Bush street between Fifth and Washington avenue, and with the city attorney instructed to begin Vrooman Act proceedings, the paving of Bush street for eight blocks north of Fifth street seems a certainty and but a matter of time. The first petition filed two months ago was for only four blocks.

By moving a curb-line on the east side of Bush between Ninth and Tenth some fine shade trees were saved.

The disposal of the Bush street matter was the most important matter that came up last night. There was a delegation of Pacific Telephone & Telegraph Co. officials on hand relative to laying a portion of the wires underground.

It was expected that a city marshal would be appointed last night to succeed G. S. Wilson, who died ten days ago, but adjournment was taken without bringing the matter to a vote.

No Bids Received
City Clerk Burke stated that he had received no bids for supplying the city barns with hay. The street superintendent said there is about 100 bales on hand, and by buying alfalfa it will last a month or two. English said he thought the city would get no bids. The matter was continued.

Mr. Richards of Los Angeles, of the Pacific Telephone Co., asked for a permit to lay about eight blocks of wires underground.

City Attorney Heathman advised the board that there was no objection to the work going ahead before the franchise is issued, provided the minutes show that the company does the work subject to the chances of getting the franchise, soon to be put up to bids.

The telephone engineer said it was proposed to put the wires underground from Spurgeon to Broadway. McPhee stated that other officials had offered to go west to Birch and the board thought it ought to go to Ross. No definite action was taken, it being understood that no objection would be made to the work.

Resolutions of respect for George S. Wilson, who died when he was city marshal, were passed by the board.

A communication from E. J. Martin offering to sell fly traps was placed on file.

Fifth to Washington
A petition asking for El-oso pavement on Bush street from Fifth to Washington was read. This one petition covered the same blocks covered by three petitions previously filed. W. E. Winslow said that the petitioners represent 334.61 feet frontage out of a total of about 5200 feet.

Trustee Grubb said he considered the paving as good as any on the streets at a fair price, and he moved that the petition be granted. McPhee seconded.

Trustee Ey said he was requested by a property owner to state that if the city will do its portion in paving the intersections an owner of 150-foot frontage will join in.

Grubb said he had investigated in several towns to see who pays for the intersections. Turlock has nearly six miles of paved streets, and the city pays for intersections. Denver pays for intersections. Grubb said he believed it right for the city to pay for intersections.

Alderman agreed with Grubb on that point.

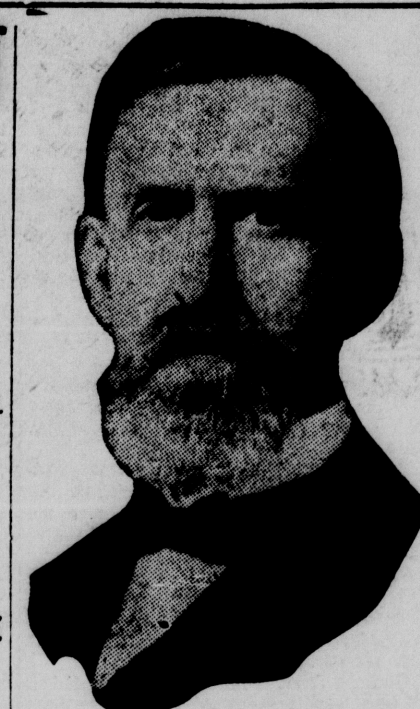

Specifications for the four-inch concrete base and the base of the proposed El-oso pavement were presented by City Engineer Finley and adopted. These specifications are the same as those wanted by the petitioners.

Grubb's motion granting the petition was then carried, with the proviso that the city pay for the intersections.

Engineer Finley said that at present the trees on both sides of Bush between Ninth and Tenth lie on the curb line. The west line had been put out two feet to save the trees and a similar move would save the trees on the east side. Grubb moved that the curb line on the east be changed to save the trees. H. J. Forgy urged the change. The motion carried, the engineer to set the stakes for a curb. All voted aye.

Ey said that as a general proposition he favored giving more park-

(Concluded on Page Two)

JOHN W. KERN.

Indiana war-horse nominated today by W. J. Bryan for the temporary chairmanship of the Democratic National Convention, in opposition to Judge Alton B. Parker, the nominee proposed by the Democratic national committee. He was defeated by the reactionary candidate.

VOTE CAST BY STATES FOR PARKER

Bryan Voted For Instead of
Kern—His Forces Declare
War Has Just Begun

WILL CARRY IT TO THE
FRAMING OF PLATFORM

Talk of New Parties and New
Alignments Are Rife in
Heated Maryland Air

BALTIMORE, June 25.—Judge Alton B. Parker, the candidate of the reactionaries, and the man named by the national Democratic committee last night as its choice for the temporary chairmanship of the Democratic national convention, which opened today shortly after noon, was elected this afternoon by a vote of 578 out of a delegate strength of 1094, with a vote of 510 for Bryan.

Parker was opposed by John W. Kern of Indiana, who was put in nomination by William J. Bryan, who demanded that the progressives be in control of the convention. Kern offered to withdraw in favor of other leading Democrats if Judge Parker would agree to harmony, but was snubbed by Parker, who sat in silence. Kern then said Bryan should be chosen instead of himself.

After a spirited debate, a tribute from Kern to Bryan and an appeal from the Commoner himself, "gag rule" was applied and the vote taken that elected Parker.

BRYAN FORCES SAY FIGHT
IS ON—NEW PARTIES AND
NEW ALIGNMENT PROPOSED

Bryan's support is loudly declaring that the fight has only begun. They declare that Bryan was defeated today by the same organization fostering Taft's nomination. The talk of Bryan as a presidential candidate is louder than before Parker's victory. Other rumors say that La Follette is coming to confer with Bryan for a fourth party, if the Parkersites force through their program; also that the progressive Democrats may cast their fortunes with the Rooseveltians if a new convention can be called, and if Roosevelt will step aside and permit a new nomination.

VOTE BY STATES FOR
TEMPORARY CHAIRMAN

The vote by states was as follows:
Alabama—Parker, 22½; Bryan, 1½.
Arizona—Parker, 2; Bryan, 4.
Arkansas—Parker, 18.
California—Parker, 16; Bryan, 7½.
Kern, 1.
Colorado—Parker, 6; Bryan, 6.
Connecticut—Parker, 12; Bryan, 2.
Delaware—Bryan, 6.
Florida—Parker, 11; Bryan, 1.
Georgia—Parker, 18.
Idaho—Bryan, 8.
Illinois—Parker, 56.
Indiana—Parker, 21; Bryan, 8; absent, 1.
Iowa—Parker, 13; Bryan, 13.
Kansas—Bryan, 20.
Kentucky—Parker, 17½; Bryan, 7½; absent, 1.
Louisiana—Parker, 10; Bryan, 10.
Maine—Parker, 11; Bryan, 1.
Maryland—Parker, 14½; Bryan, 1½.
Massachusetts—Parker, 15; Bryan, 18; O'Gorman, 3.
Michigan—Parker, 20; Bryan, 9½; absent, 1.
Minnesota—Bryan, 24.
Mississippi—Parker, 20.
Missouri—Parker, 22; Bryan, 14.
Montana—Parker, 1; Bryan, 7.
Nebraska—Parker, 2; Bryan, 13.
Nevada—Parker, 6.
New Hampshire—Parker, 3; Bryan, 5.
New Jersey—Parker, 4; Bryan, 24.
New Mexico—Bryan, 8.
New York—Parker, 90.
North Carolina—Parker, 15; Bryan, 9.
North Dakota—Bryan, 10.
Ohio—Parker, 29; Bryan, 19.
Oklahoma—Bryan, 29.
Oregon—Parker, 1; Bryan, 9.
Pennsylvania—Parker, 9; Bryan, 67.
Rhode Island—Parker, 10.
South Carolina—Bryan, 18.
South Dakota—Bryan, 10.
Tennessee—Parker, 17; Bryan, 7.
Texas—Bryan, 40.
Utah—Parker, 4; Bryan, 4.
Vermont—Parker, 8.
Virginia—Parker, 14; Bryan, 10.
Washington—Bryan, 14.
West Virginia—Parker, 9½; Bryan, 6½.
Wisconsin—Bryan, 26.
Wyoming—Bryan, 6.
Alaska—Parker, 4; Bryan, 2.
District of Columbia—Parker, 6.
Hawaii—Parker, 4; Bryan, 2.
Philippines—Parker, 4; Bryan, 2.
Puerto Rico—Parker, 3; Bryan, 4.

FAMILY ROW IS IN COURT

Suit For Damages For Alleged Libelous Letters Must Stay in Los Angeles

Los Angeles Times: A motion for a change of venue to Orange county in the suit of Otto des Granges against his sister, Adah des Granges Crall, and his brothers, John C. and Joseph des Granges, was denied by Judge McDaniel yesterday and the demurrer to the complaint sustained with leave to amend.

Otto owns an orange ranch in Orange county valued at \$14,000 and alleges that libelous communications were sent to the Benchley Fruit Company, the Anaheim Union Water Company, in which it was stated he was insolvent and that a receiver was going to be applied for. For each of these communications Otto asks \$10,000 damages.

The trouble in the family, according to a statement made in court yesterday, arose from the sale by Otto of an interest in the stock of the different companies. His sister and brothers claimed an interest in the same property and each wanted, it is alleged, the stock or the money as the proceeds of the sale of fruit delivered to Otto. The communications were in regard to this matter.

ARE WELL PLEASED WITH THEIR WELL

The well recently completed on Henry Rohrs' place on Fairhaven avenue throws a stream of about fifty inches, and the owners, Rohrs, M. Nisson and J. C. Maier, are well pleased with it. Fifty inches is as much as any of them will ever want at any one time, and the fact that the water is to be had any time any of the three wants it lends a comfortable feeling to their contemplation of the future. The well is 403 feet deep.

TEN ACRES OF RANCH SOLD

Miss Kimball to Build New Home—News Notes From Garden Grove

GARDEN GROVE, June 25.—Mr. Hobbs has purchased ten acres of Miss Carrie M. Kimball three-fourths of a mile east of Garden Grove. Miss Kimball will build a new cottage on the remaining five acres on the corner across from Mr. Russell's place. Mr. Hobbs will take possession about the 15th of July. The consideration was \$1500. The sale was made by S. S. Jackson.

Miss Edith Hedstrum is a member of the graduating class of the Anaheim Union High School, and has been selected to deliver the salutatory at the commencement exercises, which occur next Thursday evening, June 27.

Ray Carmichael is among the graduates of the Orange High School. S. S. Jackson and family have returned from a trip to Escondido and other San Diego County points.

S. Q. Conkle and Miss Seela are planning for a vacation to San Juan Hot Springs. They expect to start the first of next week and be gone about one month.

George Woodruff, while in bathing at the beach stepped on a stingaree a few days ago and cut his foot quite badly, but after having to lay up for a couple of days was able to go to work again.

Mrs. Mary C. Wightman was surprised by a number of her friends from Santa Ana. They came out on a car just before noon last Monday with well-filled baskets and a very enjoyable time was had, the occasion being Mrs. Wightman's eightieth birthday. There were about forty in the party.

Miss Enola Sherwood has returned from San Francisco where she has been attending the Deaconess Training School. She will remain in Garden Grove during the summer.

The little four-months-old son of Mr. and Mrs. Charles Sutherland has been quite sick for the past week. The trouble was just behind the ear so near the brain that an operation was necessary to save the little one's life. Accordingly the operation was performed last Saturday, and the child is much improved.

Mrs. J. Allen Knapp returned on Tuesday from a trip to her old home in Iowa where she visited relatives and friends.

Bert Mills of Los Alamitos spent Sunday with relatives near Garden Grove.

Mrs. M. J. Mott has begun the erection of a new cottage in the north part of town.

Mrs. Mary Carver, and daughter, Genevieve, are spending a few days at Laguna Beach.

Mr. and Mrs. J. U. Kerner have returned from their trip to Yosemite Valley.

T. E. Niles has just moved into his new residence which has just been completed.

Mrs. Fred Mills of Los Alamitos is visiting relatives here for a few days.

Mrs. Jess. Nichols was in Los Angeles visiting friends the first of the week.

Mr. and Mrs. W. L. Leslie and Miss Stewart of Woodland are visiting at the home of Mr. and Mrs. T. A. Richardson. Mrs. Leslie is a daughter of Mrs. Richardson.

Miss Romie Swall of Rio Grande is visiting at the home of her uncle, Chas. Swall.

OROSI, IN TULARE COUNTY

Is Where the Red Oranges Grow

Have you heard about Orosi's Red Oranges? People everywhere are talking about them—they are becoming a "sensation." Growers up there have been raising "Red Oranges" for years, but it is only quite recently that their fame began to spread beyond the immediate locality.

As a result, the entire Orosi district is undergoing a period of development never before equaled in that section. Settlers are coming in from all parts of the country; and the people already in the community are buying more land and planting it to trees.

Tulare county last year, up to December 15th, shipped 3500 cars of navel oranges, from which the receipts were \$3,500,000. The growers receiving \$2,100,000. This does not include the season's crop of Valencia, which added greatly to the total.

Tulare is the third county in the state in orange production—supply-

ing one-tenth of the entire crop. But oranges are not the whole thing up there, not by any means. Grapes do fine. One 30-acre vineyard adjoining the property of the Orosi Orange Land Company, produced last year \$325 per acre in Thompson's Seedless Raisins, while from a single acre \$300 worth of Sultaninas were marketed. Peaches, figs, olives, apricots, walnuts, alfalfa and all kinds of vegetables are grown with great success. Start an orange grove. Make \$100 per acre annually raising potatoes, beans and berries between the rows of trees, while the land is increasing \$150 per acre each year. When your grove is two or three years old it will be worth in the neighborhood of \$1,000 an acre. A number of young groves have been sold at this price. Write the Orosi Land Co., owners; M. S. Robertson, Mgr., 301 Story Bldg., Los Angeles, for descriptive map; or see E. M. Sheridan, office at Dinuba, California.

Biennial Meeting of Nat'l Federation Women's Clubs

Thousands of Intellectual Women Assemble in Bay City—Great Questions Will Be Up for Discussion

SAN FRANCISCO, June 25.—With 6000 men and women present, 3000 of them delegates from every corner of this country and from overseas the Eleventh Biennial Convention of the General Federation of Women's Clubs opened here today.

The Federation held its first council meeting, prior to the formal opening this evening, at the Palace Hotel yesterday afternoon, with Mrs. Philip North Moore, president of the National Federation, presiding.

From the great women's organizations, like the Sorosis of New York, to the remotest small-town club of the middle west, there was not a woman's organization in this country that was not represented by its president at this council for the first discussion of campaign plans that are to stir the Biennial. The Pennsylvania plan and general revision of bylaws, new resolutions to be introduced, endorsement plans for the year whereby the women's clubs will educationally assist girls all over this country, and the discussion of the Federation flower and badge, all came up at this meeting for the approval of the women who represent the federation club women.

At a great meeting to formally open the convention this evening, after the invocation by Dr. Luella Clay Carson, president of Mills College, Mrs. Philip N. Moore of St. Louis, the national president introduces Mrs. E. G. Denniston, president of the local Biennial Board as the presiding officer of the evening. Mayor Jas. Rolph welcomes the great delegation in the name of San Francisco. Then in the name of the whole West, the Pacific Coast, North and South and the Pacific Northwest, the brilliant assemblage will be welcomed over again.

Mrs. Joseph Evans Cowie of Los Angeles, who gave up the certainty of being the next president that California might this year entertain the Biennial (it being the custom that the entertaining state never names the president) speaks for California; Mrs. R. C. McCredie, state president of Washington, for Washington and the

Pacific Northwest; Dr. Agnes McKee Wallace, state president of Arizona, for the Pacific Southwest, and Mrs. C. H. McMahon, state president of Utah, for the Inter-Mountain states.

Mrs. Phillip North Moore, for four years the president of the National Federation will respond in the name of the 9000 women whom the thousands present represent. She will declare that the word, "Conservation" struck the keynote of what the great woman's movement of the present day stands for, and that the Federated Club Women of America have no platform unless it be broad platform summed up in "women, children and home," meaning in the last, not only the individual home but the City, the State, and Nation.

The leaders in San Francisco declared today that this Biennial marks a tremendous stride ahead by the women in the country. A new breadth has left its imprint on the program, that will even govern the conduct of the debate over the two great questions that are to engage the convention:

Is suffrage to be adopted by the General Federation?
Is the Pennsylvania Plan of government for future sessions of this body to be adopted?

Mrs. Sarah S. Platt Decker, the noted Colorado Suffragist, said today that the very fact that California, the latest Suffrage State, with its genuine accomplishments behind it, is entertaining the Biennial, will turn the tide in favor of the adoption of this resolution almost by acclamation. Mrs. Carrie Chapman Catt, now in the Orient, who was to have introduced the resolution, cannot be present. It is thought that either Mrs. Decker or Miss Sophonisba Breckinridge, the New York Suffragist, who is counting on the endorsement in next year's New York Suffrage fight, will appeal to the three thousand delegates for the endorsement this week.

Candidates for the Federation presidency are Mrs. Philip Carpenter of New York and Mrs. Percy V. Pennybacker of Texas.

perintendent were instructed to draw plans for proposed sewer mains.

Other Matters

A committee—Ey and Alderman—was appointed to see if property owners on South Flower from First to Walnut will deed a 15-foot strip for the street. Alderman said one owner, Gates, had already offered to make the deed. The purpose is to straighten the street.

Grubb said complaint had been made that many sidewalks have become partly covered by grass, and ought to be cleared.

Ey said that the city could make the property owners pay for it by the city doing the work and charging it to the property owner. Anaheim has used such a law thirty years and it works fine, but City Attorney Heathman refuses to draw the ordinance.

Heathman said there is no state law allowing a lien to be put on property for such work.

It was ordered that the street department clean up sidewalks that are partly covered with grass.

Ey said owners on Spurgeon street object to the rotary sweeper because of the dust. Grubb said Denver uses a canvas cover to do away with the dust.

AVALON TUNA ARE WAITING THE HOOK—WOMAN'S BIG CATCH

AVALON, June 25.—Miss Reine Fletcher of Kansas City, Mo., while fishing with Captain Halstead of the Swastika Sunday, made a novel catch by bringing fish of nearly every variety obtained in Catalina waters.

Among the fish landed by the fair angler was a yellowtail, weighing 25 1/2 pounds, which wins her a button from the Light Tackle Club; an albicore, weighing 22 1/2 pounds; a white sea bass of 21 1/2 pounds; besides a good catch of barracuda, rock bass, mackerel and skipjack.

Several tuna were sighted outside in the morning and several fishing launches immediately set out with a hope of securing a strike. Ex-Congressman C. G. Conn had made preparations for another cruise on his yacht "Comfort" to San Clemente Island, but on hearing of the tuna he postponed his trip and is now out after a tuna strike.

'Monster Caravan' of Cantaloupes on Way: World Record Broken

Los Angeles Tribune: The longest train of perishable fruit the world has ever seen, 181 cars, laden with one and a half million cantaloupes, pulled out of Imperial Valley points last night over the Southern Pacific bound for New York and other eastern cities. At Imperial Junction the monster caravan, more than a mile long, was cut into sections, and each was seized by large waiting engines and rushed eastward at top speed. The value of the fruit at Los Angeles prices yesterday was \$77,206.

These cantaloupe specials will proceed with the precision of passenger flyers, though not as rapidly, and no time will be lost at division points en route.

CONVENTION IS FOUR DAYS

Spanish Congregations of Southern California to Send Delegates Here

Officers and delegates from all the evangelical Spanish congregations in all Southern California will convene as the guests of Santa Ana on Thursday, June 27, at the old United Presbyterian church at the corner of Fourth and Mortimer streets. Senor E. J. Vazquez of 608 Bush street, is president of the association. An interesting program has been arranged. Mayor Ey will address words of welcome at the first session, speaking through an interpreter. All are invited to attend. The music of the local choir is known to be excellent. Naftali Vazquez of the Santa Ana High School will deliver a message of welcome in the charming language of Castile. The sessions will last until Sunday night.

ZEMO FOR YOUR SKIN

Eczema, Pimples, Rash and All Skin Afflictions Quickly Healed

No matter what the trouble, eczema, chafing, pimples, salt rheum, Zemo instantly stops irritation. The cure comes quick. Sinks right in, leaving no trace. Zemo is a vanishing liquid. Your skin fairly revels with delight the moment Zemo is applied. Greatest thing on earth for dandruff.

Zemo is prepared by E. W. Rose Medicine Co., St. Louis, Mo., and is sold by all druggists at \$1 a bottle. But to prove to you its wonderful value it is now put up in liberal size trial bottles at only 25 cents and is guaranteed to do the work or your money back. Sold at Wheeler & Maier Drug Store.

If five-thousand dollar cars could be manufactured on the gigantic scale of the Ford—their cost would be reduced at least by half. If Ford cars were to be produced in small quantities—and present high standards maintained—their cost would be at least twice as much.

Seventy-five thousand new Fords go into service this season—proof of their unequalled merit. The price is \$590 for the roadster, \$690 for the five passenger car, and \$700 for the delivery car—complete with all equipment, f.o.b. Detroit. Latest catalogue from Ford Motor Company, Michigan and Fourteenth Street—or direct from Detroit factory.

ARE READY TO FIGHT FIRES

Four Men and Telephone System Will be Constantly on the Job This Year

Lookout on Mountain to go on Duty When Line to the Peak is Completed

The west side of the Santa Ana mountain range will be better equipped for protection from fire this summer than ever before. Forest Supervisor Wheeler of San Diego has taken much interest in the plans for the protection of the portion of the Cleveland National Forest that lies in this county, and is convinced that a disastrous fire in the Santiago canyon or in any of the canyons whose streams are tributary to the Santiago creek would prove of great and lasting detriment to the irrigators who get their supply from the creek.

The telephone line to the top of one of the peaks of Old Saddleback will be completed by about July 15. Acting under instructions from headquarters, Forest Ranger Stephenson of El Toro, who had charge of the construction of the line, laid off his men a few days ago and is waiting for July 1, when additional funds will be available, before putting on another gang. The line has been completed from the top of the mountain for a distance of about two miles. The wires are strung mostly to white oak trees, of which there are many on one slope of the mountain. The line will be thirteen miles long. The lower end will be in the house of the forest ranger at El Toro. Forest Supervisor Wheeler has appointed a capable man named Wood of Riverside as lookout on the mountain. There is a small cabin on the peak. A tent will be put up, and the place made as comfortable as possible. Wood is at work on the telephone line at present. As soon as his duties at the top of the mountain begin he will be joined by his wife.

Fire Warden Adkinson, appointed by the county, is on duty. Adkinson is an old hand at fire-fighting, and is a valuable man in the fire protection scheme. His home in the Trabuco will be connected with the telephone line. The lookout will have field glasses so that at the sight of smoke he can accurately locate any fire that breaks out, and telephone to the forest ranger at El Toro, who will then get men together and go to the fire.

The southern portion of this side of the range is to be looked after by Jack Combs of San Juan Capistrano. Combs was county fire warden two years ago, and understands his duties thoroughly. He will begin his duties July 1. Combs and his family will move from San Juan Capistrano to the ranger's station a mile above San Juan Hot Springs, and will occupy the ranger's house at that point.

Funds aggregating \$225 have been voted by the John T. Carpenter, Serrano and Santa Ana Valley Irrigation companies, and the money turned over to the forest officers for use in carrying out the plan for fire protection this summer.

Last year there were two men on duty as fire patrol, Stephenson and Adkinson. This year there will be four men and a telephone system that will render the service far more efficient than ever before.

ILLEGALLY IN THIS COUNTRY

Inspector Blee Nails a Chinese, Supposed to be Gambler, at Depot Here

Ng Hing Will be Deported This Week—He used to Live in Santa Ana

When Immigration Inspector Harry Blee of Santa Ana took a look at the papers of Sung Ching at the Santa Fe station in this city on Sunday he became convinced that Sung Ching was in this country illegally. That is the reason Sung Ching is in jail in Los Angeles awaiting investigation.

Sung has not soiled his hands with common labor. He is thought to be one of the kind that makes his living by gambling. Last Sunday he was at Orange, where many Chinese congregates on Saturday evenings and Sundays for a game. Sunday evening he got on the wrong train and reached Santa Ana instead of finding himself on the way to Los Angeles.

Blee found him here, and examined his papers. Sung showed what purported to be a certified copy of an order given by F. W. McGettrick, formerly in charge of the inspection of Chinese in the northern part of Vermont. It so happens that McGettrick's papers are looked upon with suspicion by the immigration officers. Blee decided that Sung's credentials were anything but good, and he took the man to Los Angeles.

Blee has been very active in the immigration inspection work. As the result of Blee's investigations, Ng Hing will this week be started for China on a deportation trip. Ng Hing was a well known Chinaman here, having arrived in these parts many years ago from Mexico. For three years he was a cook at the home of prominent North Main street residents. Ng Hing was picked up by officers in Los Angeles. He had no papers to show that he was legally here. He gave as his reason that he was a merchant with the firm of Wing Wah Co., formerly of Santa Ana and now of Orange. Blee took this story in hand and proved that Ng Hing had never been a member of the firm.

Reflecting on His Age Little Mabel was sitting on her grandfather's knee one day, and after looking at him seriously for a long time, she said: "Grandpa, was you in the ark?"

"Certainly not, my dear!" gasped the astonished grandparent.

"Then why wasn't you drowned?" she asked.

"Girls! Girls! We Can All Stop Wearing Dress Shields!"

Rip Them Out—Here's PERSPI-NO.

I'll never wear dress shields again, while I can get that remarkable powder, PERSPI-NO. No sir-ee! Never again for me! I just put a little in my armpits, with the pad that comes with each box, and then my glory began!

No matter what the weight of your clothing, no matter how hot and stuffy it may be indoors, you need never be afraid of perspiring any more in your armpits than you do on the back of your hand, if you use PERSPI-NO.

It's a marvelous yet a simple powder that anybody is safe in using. It keeps your armpits just as fresh and dry and natural as any other portion of your body.

Use PERSPI-NO and hot theatres, dance-halls, and social affairs will have no more terrors for you in armpit perspiration. It's good-bye dress shields forever. Satisfaction guaranteed.

PERSPI-NO is for sale at your druggist's at 25c a box, or sent direct, on receipt of price, by the Perspco Co., 2715 Lincoln Ave., Chicago.

THE ARKANSAS IS BIGGEST AND FASTEST BATTLESHIP

ROCKLAND, Me., June 25.—Official figures of the recent builders' acceptance trials of the battleship Arkansas, the world's fastest and biggest completed battleship, were received yesterday by the trial board. The figures, which were better than the contract requirements, follow:

Fastest mile on standardization trial, 21.493; average of five high speed runs, 21.153; average four hour run, 21.051; average two hour run, 20.989; maximum horse power developed, 29,271.

The Arkansas' sister ship, the Wyoming, will undergo trials here July 15.

Our large stock of hardware includes a complete line of tools for all trades and the prices will look good to you. We are now showing an exceptionally fine line of builders hardware.

A. H. WILLIAMS
307-309 West Fourth St.

STANDS THE TEST OF RIGID INVESTIGATION

Investors Protected Through Mortgage Investment of Funds Earning Large Interest Income Than is Paid Out in Cash Dividends. Big Profits From Other Sources

The company or corporation whose books are always open for inspection and whose methods are above reproach is bound to find a very large following amongst investors, large and small.

Such an enterprise is "Home Builders," the prosperous investment corporation of Los Angeles. This company is four years and five months old, yet it has grown into the million dollar class in that time. What is of more importance to the investor, however, is the fact that in that growth it has accumulated a surplus fund of almost half a million dollars, in addition to the very liberal cash distributions made in the dividends it pays every three months.

This is the most conservative of all the building investment companies in Southern California. It does not build a single home before it is sold and the buyer must own his lot clear, besides very often paying 10 per cent of the cost of the house in cash, so that you see the deed or mortgage held by "Home Builders" is amply secured. The balance on the house due the company is paid back in monthly payments, including interest at 8 per cent.

Thus it is true that "Home Builders" stockholders' money is invested in a good building profit and yields a good interest income. This interest income alone last year more than paid the cash dividends and the profits from building and other sources amounting to over \$158,000 was put away into surplus to increase its working capital.

Santa Ana has a great many stockholders in this big, strong corporation and many more are finding that an investment in its shares is better than buying mortgages, because while equally profitable in interest earnings, the increasing value of the shares makes it much more profitable.

"Home Builders" maintains a local office at 310 Orange avenue, where you will find literature and the local manager, Mr. Magee, will explain fully its workings and safety.

GIBBON RESIGNS FROM COMMISSION

At Loggerheads With Mayor Geo. Alexander Over Water Distribution Method

Los Angeles Tribune: With the explanation to Mayor Alexander that he could not hold an official position in the city under the mayor's appointment "and at the same time say to you what truth will compel me to say," T. E. Gibbon resigned from the harbor commission yesterday. Mr. Gibbon's resignation was accepted by the mayor in a curt note. The mayor said last night that he had not reached a decision as to who would be Mr. Gibbon's successor as member of the board, but it is certain that C. E. Richards, one of the present commissioners, will be elected president, the office held by Mr. Gibbon.

In view of the fervor of messages interchanged by Mr. Gibbon and the mayor last Saturday, the action this morning was not unexpected. The whole trouble apparently arose over statements made that Mr. Gibbon had declared himself in favor of leasing the distributing system of the three local power corporations as a means of distributing the aqueduct power. Mr. Gibbon immediately acknowledged that he had favored this plan if its consummation would expedite power delivery when the city has power to sell, but he added that the mayor had requested him to talk to representatives of the power companies and to sound them as to their disposition in the matter. Quite as promptly the mayor declared that Mr. Gibbon was mistating the case and repudiated any connection with it.

ANNUAL BANQUET OF STATE SOCIETIES THURSDAY, JUNE 27

LOS ANGELES, June 25.—Final plans for the annual banquet of the State and provincial societies of Southern California to be held Thursday evening, June 27, at the Hamburg hotel, were completed at a meeting of the officers of the organization last night.

About 1000 tickets will be issued for the banquet, as that is the capacity of the cafe. Last year over 2000 were present.

Notable among those on the program is Little Margaret McKee, of Hollywood, pronounced by critics one of the most accomplished whistling artists ever heard in the city.

Mrs. M. W. Law, formerly of Wisconsin, one of the best known lecturers in the Middle West, will deliver an address.

Following is the program approved last night: Address by President R. W. Richardson, introducing F. M. Dowling, the toastmaster; address of welcome by Mayor Alexander; address by Lieutenant-Governor Wallace; address by Mrs. M. W. Law; address, "California," by Rev. Mat S. Hughes of Pasadena; vocal solo, by Mrs. Princess C. Long; whistling solos and imitations, Margaret McKee, and bag-piping by Major John Hogg and Mr. Black.

PRESS COMMENT ON THE NOMINATION

Riverside Press: What alternative may be offered in place of Taft remains to be seen. The Democrats may make just as bad a mess of it as the Republicans have; and if it were a case of choice between Taft and Harmon or Taft and Clark, the Press would make a wry face and take Taft. There may be a new National Progressive party in which Roosevelt, Bryan, Wilson, Johnson, Hadley, Chamberlain and other leaders will join; and that movement may develop such strength that the progressive element in both great parties can support it with enthusiasm and confidence. Time alone can tell about that. At present all the Press can say is that it regards the nomination of Taft as one of the worst and most stupid political blunders ever committed by any party; and the only consoling thought is that possibly the Democrats may commit a worse one.

Fresno Republican: Taft's nomination was secured by and only by these palpably fraudulent votes. It is a tainted nomination and a nomination on which no man can appeal to the country—the feeling of ordinary fair play, to say nothing of political righteousness and moral sense of the nation will rebel against it. There seems only one explanation and that is their chagrin at defeat after defeat before the people deliberately, cold-bloodedly and cynically determined to wreck the party.

Long Beach Press: The progressive masses of the party are profoundly disappointed. The methods and course of the national committee and the credentials committee, especially with reference to the Fourth district delegates from California, and the Washington, Arizona and Texas delegations, have aroused deep resentment among the adherents of Colonel Roosevelt and among all fair-minded men.

Pasadena News: Possibly, Mr. Taft is proud to receive the nomination of the moribund Republican party, but it is a tainted honor, obtained through dishonest practices, that comes to him, and as such cannot attract a winning constituency in its support.

Redlands Facts: From the standpoint of a Republican party man, the happenings at the national convention this past week have been destructive. President Taft has no chance of re-election unless the Democrats name a weak man, and the two factions of the Republican party forget for the time their disagreements—an outcome not likely to be brought about. It is a critical time in Republican politics. Radical men and ignorant men can make up their minds "at the drop of the hat." The more ignorant a man is, the quicker he makes up his mind and the more positive he is in his declarations of opinion. And that goes in other things besides politics. The well informed man takes time to consider, to weigh arguments and facts; and he does not always arrive on the popular side.

Bakersfield Echo: In our judgment there will be no third party, or if there is it will not get very far. A national political party once formed and organized in all parts of the nation may sail along for years by reason of the momentum it may have gained in the past and without any particular positive reason for its existence—as witness the Democratic party for the past dozen years. But it takes a great issue and a public sentiment deep and strong to bring a new party into being with sufficient native vigor to win its way to maturity. There is no such issue in existence at the present time. The third party talk at present has its inspiration solely in personal ambition and personal animosities so far as the leaders are concerned, and so far as support from the body of voters is concerned it must depend on personal loyalty to leaders or to an indefinite, uncrystallized discontent which differs very much from a strong, positive opinion such as is necessary for the foundation of a great political issue.

Santa Barbara Press: The action of the Republican national convention yesterday in forcing the renomination of Taft and Sherman against the protest of the majority of the Republicans of every state where a fair expression had been permitted may be satisfying to the managers of the

Taft campaign, and to those who have believed the president entitled to a renomination whatever the consequences; but it is disappointing to the vast majority of Republicans who had considered the rejuvenation of their party well advanced. Whether partisans of Roosevelt, or admirers of Johnson, or supporters of La Follette, or even friends of Taft, Republicans to the greater number must realize that success in November under the banner of Taft and Sherman is a doubtful matter.

San Bernardino Index: It is farcical to believe that the voters of the nation will fail to rebuke the political machine Mr. Taft has brought into such successful use in his convention, when they go to the polls in November. It is an insult to the intelligence of the American people to assume that they do not see the pitfall the parasites of entrenched interests have dug for them; it is a grave misunderstanding of the temper of the American public to believe that they will vote for a perpetuation of the power of the machine that has so wantonly disregarded their expressed demands. The National Progressive party has been forced into being by the events of the past few days in Chicago. It will adopt a platform containing those things the voters of the nation have seen are necessary if the people are to rule.

Hanford Sentinel: It is a little early in the game to conclude what will happen. We notice that Roosevelt and Johnson have quit "eating 'em alive," and are now studying the Good Book. The slogan of the third term party is declared to be: "Thou shalt not steal." That is a first rate slogan. Now if they will adopt: "Thou shalt not commit (political) adultery," and "Thou shalt have no other God before Me," and a few other things, the third termers will be all right.

San Bernardino News: Is William H. Taft the nominee of the majority of the Republicans of the United States? He IS NOT! Taft is the candidate of the Big Interests, nominated by the machine, by a "packed" convention and with the aid of the votes of a number of Democratic states. The people have had absolutely nothing to do with the nomination of Taft, BUT THEY WILL HAVE A WHOLE LOT TO DO WITH HIS DEFEAT NEXT NOVEMBER.

2-Phones Cost High

(Riverside Enterprise)
Pasadena is doing away with the 2-phone nuisance. Riverside should do the same. The Los Angeles hotel proprietors have determined to oust one of the systems in their houses. It costs the residents of this city about \$30,000 a year for duplicate phones. That is, firms or private citizens who have both phones pay \$30,000 a year for the extra one.
That \$30,000 is wasted. Everyone will admit that two phones is a source of infinite bother. Neither system has all the subscribers of the other, and often close friends, or those with whom communication is most necessary, are unable to talk by wire because their phones are not the same.
Pasadena has discovered that under the state utilities commission the city can force good service from the telephone company. It was wretched service which brought the automatic or Home company into being here, as in Los Angeles and Pasadena. Greed to make enormous dividends caused the Pacific company to reduce its force to the minimum and to charge all the traffic would bear.
Now the state commission can regulate the service and the charges. Pasadena has therefore permitted the Pacific company to buy the Home company, and the state has legalized the merger. A long-suffering community here would welcome such a change. The \$30,000, given the second company for duplicate phones, is thrown away. It might well go into the avenues of trade in Riverside.
Abolish the 2-phone nuisance.

Moving Sheep About
It is the custom in Wyoming for owners of land who rent their fields in the winter to sheepmen, to stipulate in the agreement that the sheep are not to be bedded in one place more than two or three nights, so as to spread the manure.

Do you need a new bathing suit? New suits just here, at Gilbert's.

Doings of Other Towns

Bakersfield has voted bonds for \$447,000 for municipal improvements which include sewer extensions, fire department improvements, a new city hall and a library for East Bakersfield. It is proposed to spend \$150,000 on a city hall, a very liberal amount. The vote in favor of the bonds was nearly unanimous, only a scattering vote being polled in opposition.

Pasadena's new postoffice has gotten so far along that \$5000 has been appropriated for preparation of the plans. That will "help some," but the experience of Riverside is such as to lead the Riverside Press to suggest to Pasadena that it is likely to be a good many months before the building is actually completed.

Imperial County will have an assemblyman all to itself under the new apportionment law and there is unusual interest in selecting a strong man for the office. H. W. Moorehouse of Heber, a successful farmer, is the only man in the field for the Republican nomination so far and his candidacy is meeting with general favor.

The postoffice receipts at Redlands have passed the \$40,000 mark and the office will pass into the first class at the beginning of the next fiscal year. The exchange involves some increase in salaries and a corresponding betterment in the service.

DENTIST TO RAISE WONDERFUL CHICKS BY ELECTRICITY

NEW YORK, June 25.—Dr. Rudolph C. Lienau, a Brooklyn dentist, is having installed on a farm belonging to him at Great River, L. I., the apparatus necessary to raise chickens by electricity.

Dr. Lienau expects that his chickens will equal ordinary chickens in weight in half the time, or in a similar period will exceed the common barnyard fowl in weight by some 38 per cent.

The dentist says that his ideas are similar to those of Dr. Thorne Baker of London, who finds that by practically continuous doses of high frequency electricity he can shock chickens into rapid growth.

ONE DEAD, ONE HURT AS S. P. FREIGHT AND WAGON COLLIDED

OXNARD, June 25.—William Chester, aged thirty-eight, employed at the Orchard ranch, was instantly killed, and William Rhosed, a teamster on the same ranch, probably fatally injured, when a Southern Pacific freight train struck their wagon this morning at El Rio.

TAFT WANTS WAR FUND OF \$1,350,000 FOR MANEUVERS

WASHINGTON, June 25.—President Taft sent a special message to congress yesterday recommending the immediate appropriation of \$1,350,000 for use of the War Department in the joint maneuvers of the regular army and the national guard next month. The President also asked the appropriation of \$167,000 for urgent necessities of the War Department. The message was referred to the committee on military affairs.

SUCCESS IN SIGHT FOR GREAT CLIMB

Mt. McKinley Party Ascending by New Route—Are Within 8 Miles of Summit

TACOMA, Wash., June 25.—Mrs. George Browne yesterday received a letter from her son, Belmore Browne, who, with Herschel Parker of Columbia University, is leading an expedition up Mt. McKinley. The letter was written April 15, and supplements a message received on May 29 via Fairbanks, dispatched at the same time. The Parker-Browne party was then on Muldowa glacier and all were well. Nine dogs and sleds were in use. Two newly-discovered glaciers had been surveyed for the American Geographical Society. The party had ascended a heretofore unexplored approach to Mt. McKinley's summit and nearby prospectors had opened a new mining camp called Glacier City. Prof. Parker carried Browne's message to this camp when he visited it for flour and provisions. One of the prospectors carried the telegram and letter to Fairbanks.

Browne writes that the passes used were much easier than those used on the previous trip. They were within eight miles of the summit, which he was certain they would reach. They had killed several mountain sheep. The party expected to finish the ascent in June and arrive outside early in July. At one place the explorers crossed a ridge 8000 feet high. Tying provisions and the outfit in bundles the men and dogs all tobogganed the entire distance, exceeding a mile, and landed safely. Many photographs are being taken.

Oil For Incubator Lamps
Incubator manufacturers always recommend purchasing the best kind of oil to use in the incubator lamps, and this is good advice. But sometimes the oil will smoke. A remedy for this is to take a cupful of fine salt and put into each quart of oil. Let it settle for a few days, then pour into the lamp and put in a small piece of gum camphor, letting it remain there. Of course the wick must be properly trimmed, rounded at each side, otherwise the lamp will smoke, no matter what kind of oil you have.

"THE SPIRIT OF '76'.

"Y" Members Talk of Patriotism in Revolutionary Days; Also Up-to-Date Guise

The regular monthly meeting of the "Y" was held last evening at the spacious home of Marie Thomas, 425 West First. After the business meeting a program was rendered as follows:

Two numbers by the Lincoln School Band.
Devotional—Wilma Youngman.
Piano Solo—Minnie Phillips.
The Real Spirit of 1776—Lella Hell.
The Spirit of 1776 Up-to-Date—Floyd Geyer.
Vocal Solo—Marie Harris.
Poem, "The Same Fourth"—Harry Warner.
Violin Solo—Nellie Hill.
Short talk by Mr. R. J. Hamilton.
General discussion on "The Growth of the Same Fourth Idea."

The resignation of Joan Simmons as treasurer was accepted, and Harry Osborn was elected to fill that office. There were about fifty young people gathered for the evening's entertainment at the close of which light refreshments were served by the hostess.

Happy Commencement Days

The young women of Santa Ana who are members of the Los Angeles Normal graduating class for 1912, are enjoying to the full the pleasures of commencement week in Los Angeles. This afternoon the senior class was entertained by the faculty of the Normal with a lawn fete on the school lawn.

Yesterday afternoon the seniors made class day a merry one. One of the jolly stunts was the take-off on the faculty members, the dignified Dr. J. F. Millsap, president of the school, being successfully personated by Edgar Smith.

The graduating class yesterday presented the school with a painting, "The Quest of the Holy Grail."

At Balboa Beach

Orange County beaches give evidence of becoming quite popular this summer, particularly for picnics and excursions from outside towns. Several have already taken place. One of the latest to be announced is that of the picnic to be held next Saturday at Balboa by the Electrical League of Southern California.

Sunshine Picnic

The annual picnic of the Sunshine Society will be held at Birch Street Park, Thursday, June 27.

Masonic Picnic Today

A large number of Masons and Eastern Star members left this morning in automobiles and via Pacific Electric cars to enjoy the annual picnic of these orders at Balboa Beach.

D. of W. Picnic

About sixty D. of W. Veterans from Sawtelle will accompany a delegation of Daughters of Veterans from that place who are coming to Santa Ana to picnic on the A. D. Bishop grounds next Friday.

Sarah A. Rounds Tent, Number 10, of Santa Ana, is very cordially invited to join in the pleasures of the day. The special car bringing the Sawtelle picnicers will arrive in Santa Ana at ten o'clock a. m.

SURPRISED THE LADIES

Modern Woodmen Walked Into Lodge Room of Sisters and Aided in Delightful Evening

Last evening was a red letter date in the social annals of the Modern Woodmen and the auxiliary lodge of the Royal Neighbors. The latter order had planned a farewell entertainment for two of their members, Mr. and Mrs. Zimmerman, who soon leave for the north where they expect to locate in Portland, Oregon. While the refreshment committee of the Royal Neighbors was busy preparing a feast, the Modern Woodmen appeared on the scene, having with them not only choice refreshments of ice cream and cake, but the children who had been left at home for them to take care of while their wives enjoyed an evening at lodge. The visit of the tots was the best part of the unexpected pleasure, as they had been fixed up to look their very sweetest with fresh dainty ribbons and dresses. The men were heartily praised for their good success in making the little ones so presentable on such short notice.

The men made themselves useful, and in an incredibly short space of time the table was spread and garnished and loaded with good things to eat and the guests of honor with the other members of the two orders were cheerfully engaged in discussing the bill of fare.

Mrs. Von Allman, secretary of the Royal Neighbors, made a brief address on behalf of the lodge presenting Mr. and Mrs. Zimmerman with a beautiful sterling silver ladle. This was followed by a talk from the Oracle, Mrs. Miller, who welcomed the Woodmen and thanked them for the delightful surprise they had given to the ladies. The social hour that followed was a most happy one, recalling a similar pleasant surprise the Royal Neighbors had given the Woodmen a few weeks ago. There were about seventy-five present last night to enjoy the evening.

Young Ladies' Travel Club

The members of this club will meet tomorrow afternoon at the home of Miss Mary Wakeham. As this is the last meeting of the club for this season, the members are all urged to be present.

HUNT WANTS EXTRA SESSION

Rumored Arizona Solons Will Be Called Together By Gov. Hunt For November Session

PHOENIX, Ariz., June 25.—It was reported last night on authority of a high source that a second special session of the Arizona legislature would be called by Governor Hunt, probably in November.

In event the state supreme court holds that the election law passed by the recent special session was unconstitutional, as many lawyers here believe will be done, there could be no regular session of the legislature, under the existing law, until January, 1915. In that event, more than two years would elapse with no legislative session, and some means must be provided for the passing of appropriation bills.

UNSKILLED LABOR'S CHANCE

U. S. Civil Service Examination for Unskilled Men and Women, July 22, 1912

LOS ANGELES, June 25.—An examination to obtain an eligible list of unskilled men and women aspirants for positions will be held in the U. S. civil service rooms in the federal building July 22.

A number of candidates have signified their intention to take the examination. Blanks and further information can be obtained by applying at the local secretary, room 328.

AVIATOR INJURED

Hamilton Falls 100 Feet at College Park, Md., and May Be Fatally Hurt

WASHINGTON, June 25.—Flying alone in his biplane at a height of 100 feet, Paul Hamilton, instructor at the United States army aviation school at College Park, Md., was injured, perhaps fatally, this evening when the machine suddenly fell and pinned him under the wreckage. Members of the signal corps hurried him to a hospital.

BIG DAY IS PLANNED FOR FOURTH OF JULY

Anahelm Plain Dealer: Today and hereafter until the Fourth of July you are liable to meet with committeemen soliciting funds for the Fourth of July automobile racing meeting to be held in the city.

L. Z. Kroeger, W. W. Conklin, Fritz Yungbluth and A. Valjean are on the membership of this committee. They have several hundred dollars to raise in the next week to meet the expense of the entertainment which is planned and they will be around to see you about it.

That the racing program the afternoon of the Fourth will attract one of the very largest crowds that has ever assembled in Orange County, there is no doubt. Everybody intends being here to see the sport. The entire county will be represented.

At a meeting of the Merchants' Association Thursday evening, the plans for the Fourth under the Auto Club auspices were endorsed, as was also the program for the raising of money for the occasion through general subscriptions.

At a meeting of the Auto Club on Monday evening steps were taken with reference to program which assured the advance of plans as made to date. Work is now being done on streets and roads which will put these in shape for results on the Fourth.

Beside the automobile racing program there will be also the program arranged by the Eagles for Columbia Gardens. This latter program will include a barbecue, to be followed at night with a confetti battle on the streets and a grand ball.

Inspiration in Dreams Goethe frankly acknowledged that he owed much of his best work to dreams. "The objects," he wrote, "which had occupied my attention during the day often reappeared at night in connected dreams. On awaking, a new composition, or a portion of one I had already commenced, presented itself to my mind."

Wear correctly fitting glasses made by Dr. Loersch, 116 East Fourth street.

ONE BAD INNING CAUSE OF THE LOSS

Methodists, 10; Christians, 5. The Christians lost a hard luck game to the Methodists last night by the score of 10 to 5.

A one-inning balloon ascension put the losers on the short end of the score and they were unable to regain the lead, but made a hard try in the sixth by scoring three runs.

The line-up:
Christian. Methodist.
Hantsbarger P E. Coleman
Knight C Neally
Crites 1B E. Coleman
Wright 2B Squires
Scholes 3B Cannon
Frye SS Snow
Parslow LF Ball
Burkett CF Geyer
Mitchell RF West
Score by innings: 1 2 3 4 5 6 7
Methodists 0 1 4 3 1 1—10
Christians 0 0 2 0 3 *—5

Brinkler Was Nice "Mr. Brinkler is an awfully nice man, mamma." "Is he?" "Yes. Out on the porch last night he said to sister Lou: 'Aren't you cold?' and then he wrapped the sleeve of his coat around her. Wasn't that thoughtful? And his arm was in it, too."

Our Toric Eyeglasses and invisible bifocals look and are better than the ordinary kind. It is our aim to make glasses of the highest standard of perfection.

ARE TO PAVE TO RAILROAD

City Trustees Take Up Vrooman Act Proceedings to Get Street Improved

ORANGE, June 25.—The City Trustees last night passed a resolution of intention to pave West Chapman street from the Plaza to the Santa Fe railroad. This is the first step in the Vrooman Act proceedings that will be used to put paving down on that street.

Permission was granted the Los Angeles Paving Company, which paved the Plaza circle, to proceed with the paving of the first block of South Glassell, contracts for which have been secured.

The Trustees purchased a motorcycle for the use of the city marshal in catching automobile and motorcycle speeders.

WOMAN STRICKEN

Orange News: Seized with a sudden stroke of apoplexy at about 11:30 o'clock last night, Mrs. John Sterling, an aged woman residing on North Shaffer street, lingered unconscious until 10:30 o'clock this morning and then passed away. She died at the home of Mrs. Jennie Connor on North Shaffer street, where she has been staying.

The stroke was the second that Mrs. Sterling had encountered. It came practically without warning, as she was preparing to retire for the night. She had been in good spirits all day, and had attended church in the evening, apparently in the best of health.

Mrs. Sterling did not regain consciousness after the stroke. She was 81 years of age. The remains are at Blank's undertaking establishment.

"Greatest Electric Railway System in the World."

THE PACIFIC ELECTRIC RAILWAY

There is only one way to reach the principal cities and towns, mountains and seashore resorts of Southern California.

Information and literature regarding the great Mt. Lowe trip, beach resorts, and other points of interest from local agents, or, Passenger Department, Room 230, Pacific Electric Building, Los Angeles, California.

Hill's Corner

After having occupied this corner for a long time for the purpose of letting people know what we are doing, how we are doing it and what we propose to do, and had supposed that we had told everybody, a man calls to inquire if WE DO PLUMBING. So now we will tell it again in BIG LETTERS, that WE ARE PLUMBERS AND TINNERS and carry the biggest stock of Plumbing Goods, Galvanized Iron and general hardware that can be found in this county, and we employ more men than any other firm in this section and these men know how to do the work required to put the goods where they belong.

Yes! We are PLUMBERS!

THERE IS NECESSITY FOR IMPROVEMENTS

Anaheim Firemen Make an Important Report to City Trustees—Auto Races Program

ANAHEIM, June 25.—The inadequacy of the present fire fighting apparatus, the condition of a number of hydrants and the necessity for improvements in various directions was the burden of a report that has been laid before the city trustees by a committee of fire boys. They have completed an examination of all the hydrants in the city and found that very few of them were in perfect condition. They stated that almost every plug was leaking and many of them cannot be opened because of the worn corners of the heads and the shortage of wrenches that will fit.

Work was started today on undertaking repairs which will be erected by Backs & Terry of this city. The building will be erected on the southwest corner of Cypress and Lemon streets, and the cost is estimated at \$12,000.

The Auto Club will also furnish its part of the Fourth of July program during the day. Five racing events are to be conducted during the afternoon and these races are interesting to the autoists far and near. The program committee reported the races as follows:

Free for all race, five laps around a course of four and one-half miles, the start to be made on Center street, and the finish on Los Angeles street, at the intersection of Center.

Free for all straightaway dash on Center street, starting at the west end of the street and the flag signal located a block west of the Santa Fe depot.

Stock car race in the twenty-class cars, the same straightaway course as above.

Stock car race in the thirty class, same course as above.

Stock car race in the forty class, same course.

In each of these events beautiful cups will be given as first and second prizes. \$750 has been collected to meet the expense of the races and prizes.

CAVING IN OF OLD MINES NOW MENACES TONOPAH BUILDINGS

RENO, June 25.—The old story of Virginia City disappearing houses is being repeated in Tonopah. The mines of the Comstock, which form great caverns under Virginia City, collapsed some time ago and houses went to the depths while the earth settled over them, burying them from sight.

The same phenomenon is taking place in Tonopah, where Robert Walsh's house took the downward journey as the supports of old stoves of the Tonopah Mining Company gave away. The serious feature is that if the caving continues it may take down the Mizpah hotel, a five-story brick and stone building. Cracks already have appeared in the walls of the cellar storeroom.

This hotel, one of the most elegant in the state, was the scene of the assemblage of many men of prominence and great wealth during the active years of the famous gold rush to Tonopah and Goldfield, when both camps made such phenomenal production of mineral.

In this portion of the city the stoves are worked within forty feet of the surface of the city streets, and much apprehension exists for life and valuable property. Engineers are examining into actual conditions and will report on what to expect.

Bathing suits at Gilbert's. New suits just arrived. All prices and all sizes.

—Mrs. Ada F. Champ, Artist. Studio, 929 French street. Lessons in Oil, Water-Color, etc.

Come Now, Bargains Everywhere

Since the Great Water Discovery in SAN JACINTO, the whole Valley is on the move. Had it been a Gold Strike, the excitement could not be greater. It certainly could not have done as much genuine good to as great a number of people. It is a case now of a cozy, thrifty home in one of the most fertile, as well as the most beautiful garden spots on earth, before they are all gone, or the price gets beyond the reach of the average pocketbook. They are bound to treble or more in price, and still be a bargain over anything else with similar advantages. We prophesy that it won't be four months before every foot in the Valley will be selling at a premium.

Remember, every acre is at present under a high state of cultivation, great apricot, peach and walnut orchards, the best alfalfa fields in the State, in fact there is no limit to the variety of crops and fruits that can be grown to the very best advantage in this soil. It has been rightly termed the country of the Big Potato.

A Committee with autos has been appointed to show everybody around free, and we extend a hearty invitation to all our good neighbors to see this beautiful little Valley of ours in all its glory. Come over on the Santa Fe in the morning, back in the evening. The San Jacinto Board of Trade, San Jacinto, Cal.

GUILTY PLEA
MURDER CASEBombela Admits He Killed Val-
les and May Get Life Sen-
tence to Prison

With a jury called to try him, Manuel Bombela today changed his plea from not guilty to guilty of murder in the first degree. He will probably be sentenced to prison for life.

Bombela was employed thinning beets near Los Alamitos. He and his wife had trouble, and the wife went to the camp of her brother, Apolonio Valles. During a dance, Bombela tried to get his wife to dance with him, and she refused. Valles took his sister's part. Outside the house a fight started, and Bombela stabbed Valles twice, killing him. Bombela was chased to Los Alamitos, where he was arrested. Attorney F. C. Spencer represented Bombela. The evidence against Bombela was conclusive, and had the case gone to a jury the verdict probably would have brought Bombela a life sentence.

Sentence Tomorrow

With a recommendation of mercy, the jury that yesterday tried E. W. McCollum on a charge of giving a no-fund check found McCollum guilty as charged. Sentence will be pronounced tomorrow morning at 9 o'clock.

The only defense offered was that McCollum was not responsible for his acts on account of excessive drink. The prosecution showed that McCollum had been examined by an insanity commission and found to be sane. McCollum was at one time foreman of a gang of Mexicans working on the P. E. here.

Asks For Letters

G. J. Mosbaugh with Keech & Davis attorneys has applied for letters of administration on the estate of Benjamin Holland, who died at Hawthorne on May 6, leaving an estate of \$755.22, of which about \$600 is cash in the hands of Mosbaugh. There are about twelve heirs.

Suit is Brought

H. H. Kelly has brought suit against C. L. and T. C. Hickman for judgment on a note for \$2,000 given on Dec. 1, 1910. The sum of \$1,000 was credited on the note for an automobile turned in to Kelly who is in the automobile business. There is now \$700 alleged to be due. B. E. Tarver is attorney for the plaintiff.

Scientist Says

Sunspots Tell of
Weather Future

SANTA CLARA, June 25.—That weather events may be successfully forecast by a study of sunspots is the contention of Rev. J. S. Ricard, director of the observatory at the University of Santa Clara. Director Ricard foretold the rainstorm that swept the northern section of California Sunday, basing his prediction on the sunspots that are now visible by the aid of a smoked glass.

He has issued the following statement: "The great solar event in the shape of black and white spots, which was to occur near the western limb toward the end of May, and after a semi-rotation was to blaze out in full view by June 16, can now be seen with a smoked glass. W. T. Foster of Washington, D. C., has made the announcement to this observatory with the accuracy of a master."

"Using the quadrantal solar meridians as points of departure, we submitted certain dates for the meteorology of the Pacific coast during June as far back as May 27. The last disturbance then foretold for June 22-25 is now on, in spite of the opposite forebodings of the weather maps. Using the same idea and method, the weather events on this side of the Rockies from now on to August 1 will unfold themselves, very nearly in the following order, which gives only the intervals of the usual or regular warm waves, which both make and accompany barometric depressions:

"Disturbances: June 22-25, June 26-29, July 3-6, July 9-12, July 15-18, July 21-24, July 27-30.
"Very warm waves: July 1-6, August 1-4."

section have been begun by the Industrial Oil Co. One suit is against Burdette Chandler, and title to 100 acres is involved. In the other Chandler and Nellie Gird as executrix of the estate of Richard Gird are the defendants, and judgment is asked decreeing that they have no interest in a certain oil lease given on Oct. 8, 1898, by the Richfield Oil Co. to Charles Victor Hall and George J. Owens.

Entirely Too Late

This morning Attorney Dick Harding stated in court that he had been retained by Rosario Sainz to make a fight for a new trial. Sainz's attorneys, Weisel & Dutton, having made no move in that direction. Judge West told Harding that the time for making an appeal is gone by. Sainz will be taken to prison tomorrow.

BOARD OF SUPERVISORS

FIGHTING FOR
ROW OF PINESCommittee of Tustin Citizens
and Supervisor Leck Would
Deny Petition

The petition of E. D. Burge, owner of the former Frank Monaghan place on Lyon street, between Santa Ana and Tustin, for the removal of a number of pine trees has brought out a protest from a number of Tustin citizens. This morning when the petition was before the supervisors, Attorney F. O. Daniel and Burge appearing in its favor, Supervisor Leck stated that a committee of the Tustin Improvement Association was strongly opposed to having the trees cut.

"Old-timers over our way think a whole lot of our big trees," said Leck. "Personally I would pay \$1000 more for that place with the trees on it than off. I'd rather cut down a couple of rows of orange trees than a line of big trees."

Burge's petition stated that the trees damage the trees for two or three rows in from the road. On the request of Attorney Daniel, the supervisors concluded to go to the place this afternoon and view the trees.

Bids are Rejected

It was decided to reject all bids received for the construction of the West Fifth street bridge. Re-advertisement for bids will not be taken up until the next meeting of the board. After bids were received it was found that one of the bidders who had in a low bid, had failed to send in a certified check with his bid, thus disqualifying the bid.

Contract Awarded

Two bids were received for remodeling a part of the Detention Home. The bids were: Ramsey & Mitchell, \$1175; R. C. McMillan, \$1100. The latter bid was accepted.

Two bids received for furnishing lumber in Supervisor Struck's district, were the same, \$825. The bidders were the Griffith Lumber Company and Almsworth Lumber Company. It was ordered that each bidder furnish half the lumber at \$25 per 1000 feet.

Permit Issued

A permit was issued to the Anaheim Automobile Club for the use of county roads for automobile races at Anaheim on the Fourth of July.

Bond is Accepted

The \$5000 bond of G. W. Young to remodel the county jail was accepted. The bond is with a surety company.

WESTMINSTER
NEWS BUDGET

WESTMINSTER, June 25.—Mrs. John O'Donald, nee Miss Lou Pike, who lives in Northern California, is a guest of her sister, Mrs. McFarland, for several weeks.

Miss Marie Larter is a guest this week of her aunt, Mrs. R. T. Harris. Ida Bonham left Tuesday for San Francisco, where she will spend part of her vacation with friends.

Mr. and Mrs. Richard Pike of Santa Ana spent Sunday with their daughter, Mrs. McFarland. Alfred Bonham of Los Angeles, spent Sunday at the home of his mother, Mrs. F. Bonham.

Mrs. J. W. Wallace and son and daughter, of Santa Ana, were over Sunday guests of friends.

Rev. W. T. Wardel and Rev. A. C. Junkin attended the Presbytery at Anaheim this week.
